SAFETY MEASURE PUMPS

200/110LT

Drumpump with Safety Measure

20/25LT

Drumpump with Safety Measure

Totally enclosed handling enhances chemical safety programmes. Solves O.H.&S.

Easy pour calibrated 1 litre bottle with red and blue caps. Red for one chemical, blue for another.

Safety strap deters access and protects against accidental discharge.

Swivel spout prevents drips.

Pumps runny and viscous, acid and alkali.

High volume, low pressure, easy flow.

24 month warranty on parts.

Not warranted against misuse or for pumping petrol or strong solvents.

Options

Additional Adaptor Fittings available:

Hose Fitting: Pull off the unique safety measure spout to attach a length of PVC tube. The Drumpump will syphon when a hose is attached.
